Guerilla Arts Ink, LLC is a community-based arts & education organization dedicated to improving the overall quality of life of the youth we serve through **quality arts programming, innovative curric-**

ulum design, and educational consulting. In the advent of much needed arts and music education being cut from schools and after school programs, we intend to fill the void by providing authentic, hands-on arts training for youth
— by any means necessary.

Guerilla Arts Ink

- WE THE WILLING -

We the willing, led by the unknowing, are doing the impossible for the ungrateful. We have done so much, with so little, for so long, we are now qualified to do anything, with nothing.”
MOTHER THERESA,

Guerilla Arts Ink

is offering arts programming to schools and youth organizations this for the 2012-2013 school year! Founded in 2006, our award winning team of world class teaching artists provides quality arts instruction with a deep sense of commitment to lead and serve youth by any means necessary. Through a collaborative approach, we help sustain the unique ecosystem that exists between the arts and education communities, while providing hands-on, culturally rich programming for all ages, K-12.

As educators, we are always looking for more meaningful and effective ways to reach our youth -- to empower them with the skills and platform necessary to share their voices with the world.... We are the ones we've been waiting for. We the willing, are here to serve.

Our current arts instruction packages include:

G.A.P. – Guerilla Arts Afterschool Program

– Offers arts integration programming in the visual, graphic, movement, and media arts for youth ages 11-17.

GA Artists in Residence Program

–Offers targeted instruction during the normal school day hours, to provide arts workshops that supplement the academic programming and goals of schools. With this program, GA will consult with schools to provide a customized arts experience with real world outcomes and deliverables that will benefit the school or program.
